

## IMPORTANT INFORMATION REGARDING THE RETURN TO SCHOOL

A family who does not want their student to receive instruction and educational services onsite at the school may request to have instruction completed offsite and/or online by completing form 1908F, available at the Robins Administration Building. The Board of Trustees authorizes the supervising teacher or district administrator to provide Policy 1908F to families requesting to opt-out of onsite instruction at the school facility for the duration of the declared public health emergency.

Students of families opting out of onsite instruction at the school facility for the 2020-2021 year shall receive offsite, online, and proficiency-based instruction, or any combination of the foregoing at the discretion of the School District in accordance with District Policy 1906. School District staff shall arrange for any combination of physical instructional packets, virtual or electronic based course meetings and assignments, self-directed or parent/guardian-assisted learning opportunities, and other educational efforts available to staff and students that can be relied upon for grade or credit in order to satisfy the minimum aggregate number of hours or determination of proficiency for the requesting student.

For those families choosing to opt out of face-to-face instruction, Havre Public Schools form 1908F must be completed and returned to the students' building Principal prior to Friday, August 14. Due to staffing constraints and scheduling complexities, parents will not be allowed to change their opt-out decision during the grading term (Trimester in K-5, Quarter in 6-12) or phase of reopening.

Students of families opting out of onsite delivery will be treated the same as students instructed at the school facility for purposes of grading, discipline, and other educational rights.
