

10.12.2020

On Sunday, October 11, the District was notified of 9 positive cases of COVID-19.

If any person associated with the District is at risk of exposure, the Hill County Health Department will be in contact with that person to determine a safe and appropriate course of action. It is still recommended that any person who feels sick or ill, seek out their medical provider for specific instructions. The School District is in contact with the Health Department and reviewing the Centers for Disease Control guidance to complete cleaning the school and other related facilities. The other steps taken by the School District include the continuation of social/physical distancing, the requirement of face coverings, and frequent hand washing and hand sanitizing. Contact the Superintendent for details about these measures. School officials will continue to monitor the situation and will provide further information when it becomes available. Please help us slow the spread of COVID-19 in Hill County and in our schools.
