

March 23, 2020

Families,

If you do not have access to internet at home, you can call 1-844-488-8395. Spectrum is offering Student Remote Learning Internet free for 2 months. When you call, push #1 for a new customer, #1 for free offer, and have your zip code ready. There may be a longer wait due to high number of calls.

If you get a Chromebook from the schools, you will have to log on and create a Google account if you do not already have one. If it is your first time, you will have to add a user. Then use your email, it will be [\(firstname.lastname@blueponyk12.com\)](mailto:firstname.lastname@blueponyk12.com) ex. [fred.flinstone@blueponyk12.com](mailto:fred.flinstone@blueponyk12.com). The password will be HavrePonies. You will need to change it after you log in. Please write down your password in a safe place and don't lose it. From there you can get into your Google account, or access the school webpage at [BlueponyLogin](#), as well as additional educational sites.

We are thinking about you all during this school closure, and hope you are doing well.

Sincerely,

*Havre Public Schools*
