A note from Mr. Haslem...

The Ides of March. This month marks the 1 year anniversary of the school shut down. The last time our kids had school in March and April was two years ago. We have been so busy trying to play catch up that celebrations and the memorable parts of school have been missed. So this month, we are going to be celebrating life with Dr. Seuss Week, Math Day, St. Patrick's Day, and much more.

When asked a few years from now about their most memorable moment in 5th grade, we want our students to recall the day they built a gigantic snowman or the time they made oobleck. We look forward to the third trimester, the Spring, and the last few moments of this completely unique year. Look for our announcements of events and awesome accomplishments.

Mr. Haslem
