Embrace Community at your library: Celebrate National Library Week April 8-12 "Libraries=Strong Communities"

This week, Sunnyside Library joins libraries nationwide in celebrating the many ways libraries lead their communities through the transformative services, programs and expertise they offer.

April 8-12 is National Library Week, an annual celebration of the life-changing work of libraries, librarians and library workers. Libraries aren't just places to borrow books or study—they're also creative and engaging community centers where people can collaborate using new technologies and develop their skills and passions. Libraries of all types have long been evolving to meet the needs of the communities they serve. Diverse groups including elected officials, small business owners and students depend upon libraries and the resources they offer. Community members can also develop their own leadership skills at the library, with endless opportunity to build skills and confidence through resources and programming.

We will be performing a 50s/60s show, "Rock & Roll, How It All Began!" The girls have talked about wearing some of these options: poodle skirts or knee/shin length skirts, A-line dresses, jean capris or blue jeans rolled up at the bottom, plain color t-shirts, and button up sweaters over the top are options also, lots for them to choose from! We have scarves for them here at the school (for ponytails or neckties). Guys have talked about black or white plain t-shirts and jeans rolled at the bottom (they can do that in class). Some have a leather or letterman jacket they would like to wear, completely optional. I have several white t-shirts for students to borrow also, and other musician roles are borrowing some items from our costume stash. Thanks everyone! The students are looking forward to seeing you in May! Thank you, Mrs. Alisch
