School Psychology Awareness Week

November 12-16

School Psychology Awareness Week (SPAW) is **November 12-16, 2018**. This year's theme is "**Unlock Potential. Find Your Password!**" A password is a personal key for unlocking any number of areas of potential in our lives. Our goal is to connect with how modern youth and adults unlock things (e.g., gaming levels, phones, devices, codes) and to highlight how thinking about specific skills, assets, or characteristics as "passwords" can lead to positive growth. School psychologists are particularly skilled at assisting students and staff in unlocking the resources, proactive and preventive skills, and positive connections necessary to unlock one's full potential to thrive in school and life.

Emails to HPS: When you email someone, like a teacher with HPS, the email often gets hung up in our spam filter. The school has top notch computer security to protect your confidential information. We receive many spam emails every day. If you email someone and they don't get back to you right away, please follow up with a phone call.

CHILD SAFETY

Slow Down in the School Zone! For the safety of all children crossing the streets, please be patient and wait for students and staff to clear the cross-walk before driving on. Do not let kids jump out of your vehicle in the street. Pull over and park on the curb or in the parking spots near the playground. Have them cross at the cross-walk.

TRANSPORTATION EMERGENCY INFORMATION

Winter Weather Warning

The holiday seasons bring unpleasant reminders that bad weather and dangerous driving conditions are here. Because the Havre Public Schools transports the majority of its students to and from school, families are reminded to be alert for weather or other emergency conditions that might alter the transportation schedules and routes.

The district's transportation director and superintendent decide early in the morning if students can safely reach school in cases of ice, snow, or other conditions. When a decision is reached, it is relayed to the local radio stations (KOJM, KPQX and KXEI).

Since our district uses rural buses to transport in-city students, bad weather conditions may alter in-city route schedules a few minutes. Students should go to the bus stop just five (5) minutes before the bus is scheduled to arrive.

Havre Bus Drivers' Number One Concern is YOUR CHILD!

Each day the Havre Public School buses log nearly 1,300 miles and deliver 1,000 students to our schools and return them home safely. *Our goal is your child's safe ride!*

Emergency Plans are Important

Each family should have a plan covering what to do when their children leave late (or not at all) or arrive home early because of an emergency transportation situation. Where can the child go if help is needed? Who would care for your child until you arrive? Is there someone your youngster can call in an emergency situation? Is your child locked out of the house if he/she misses the bus? If so, what is the plan?

LISTEN TO YOUR RADIO FOR INFORMATION

Morning announcements concerning school closures or late schedules will be reported by the radio stations. Announcements will begin by 6:00 AM and will be repeated as often as possible. Schools will be in session and transportation will follow normal schedules and routes unless otherwise announced.

***School Closed:** All schools will be closed for one day only. All meetings, field trips, afterschool activities, etc. will be cancelled for the day unless specific exceptions are mentioned.

***School Open, Limited Bus Transportation:** Some days only in-city buses may run.

***School Open, One [or more] Hours Late:** Buses are delayed and school will begin late, but students will be dismissed at the regular time unless otherwise announced.

AMERICAN EDUCATION WEEK
NOVEMBER 12-16

American Education Week is a special time to celebrate school! We extend our appreciation to all of those involved with the education of our children. We have outstanding teamwork and cooperation amongst the staff at Sunnyside School. We thank the teachers and support staff for providing a great education for our children.

5TH GRADE TRADE FAIR

Fifth grade students are planning a Trade Fair. It will take place on Thursday, December 13th from 6:00-7:00 pm. This activity is an extension to their young entrepreneurship unit where students learn to start a business, make goods to sell, provide services, and learn about profit and loss. The majority of the money made is donated to community organizations. A small percentage is kept for each class to fund special projects and treats. All Sunnyside families, community members, and staff are welcome to show their support by attending this special event. Last year, students raised \$3131.96. Proceeds went to Fresno Walleye Organization, Havre Boys & Girls Club, Special Olympics, the Hope Foundation, HPS Education Foundation and the Hill County Weed District.
