8:30-12:00-Morning session  
12:00-1:00-Lunch (*times will be flexible*)  
1:00-3:30 Afternoon session

**Returning to School after COVID-19: Incorporating Mental Health Awareness into your Multi-tiered Systems of Support**

This presentation focuses on building awareness around the common mental health challenges in the school setting including anxiety, depression, and executive functioning challenges that impact the learning of students. A special focus will be placed on returning to school with these challenges after COVID-19. Interventions will be shared to employ within the MTSS framework as well as data tracking and progress monitoring practices. Additionally, a 6 week re-start plan will be discussed with participants as they begin to integrate students back into school after COVID-19 that will focus heavily on the mental health of staff and students.

Learners will walk with a foundational understanding of these mental health challenges listed above, how these challenges impact the schoolhouse on a daily basis, with special attention given to the trauma of COVID-19 that many students are facing, and how to address them using evidenced based practices that are functional and efficient within the MTSS structure.

6 OPI  
Renewal Units  
available at  
this training

Participation by individuals from outside of Region II is welcome. Region II consists of the counties of Cascade, Teton, Pondera, Toole, Glacier, Liberty, Hill, Blaine, and Chouteau.
